

Limitation of social contacts

Decision of 22.03.2020 (source: www.bundesregierung.de)

-  Contacts with other people outside the members of their own household should be reduced to an absolutely necessary minimum.
-  Wherever possible, a minimum distance of at least 1.5 m must be kept in public from people other than members of your own household.
-  Spending time in public space is only permitted on your own, with another person who does not live in the household or with members of your own household.
-  Purchases, visits to the doctor, participation in required appointments and exams, help for others, or way to emergency care and to work or individual sports and exercise in the fresh air as well as other necessary activities are permitted.
-  Groups of people celebrating in public places, in apartments as well as private institutions are unacceptable. Violations of the Contact restrictions are expected by regulatory agencies and the Police are monitored and sanctioned in the event of violations.
-  Restaurants are closed. This does not apply to the delivery and collection of take-away meals for consumption at home.
-  Companies in the field of personal care such as: hairdressers, cosmetic studios, massage practices, tattoo studios etc. are closed. Medically necessary treatments remain possible.
-  In all companies and in particular it is important to comply with the hygiene regulations and to implement effective protective measures for employees and visitors.
-  These measures are initially valid for two weeks.
